INTERNATIONAL SEARCH REPORT IN A COUNTERPART PCT APPLICATION**

Sir:

In compliance with the requirements of 37 C.F.R. 1.56, submitted herewith on Form PTO-1449 is a list of publications identified in an International Search Report issued in a related PCT application. A copy of each publication is being submitted herewith, except copies of publications listed on the form 1449 as AS and AT are omitted because they were submitted to the Office in the Information Disclosure Statement filed on **February 27, 2002**. Applicant respectfully requests that the Examiner consider the listed documents and indicate that they were considered by making appropriate notations on the attached Form 1449.

If the Examiner applies the cited documents as prior art against any claim in the application and Applicant determines that the cited documents do not constitute "prior art" under United States law, Applicant reserves the right to present to the Office the relevant facts and law regarding the appropriate status of said document. Applicant further reserves the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the cited references be applied against the claims of the present application.

This Information Disclosure Statement is being filed within three months of the mailing date of the International Search Report; therefore, no fee is believed to be due in connection with the filing of this disclosure. However, the Commissioner is authorized to credit any overpayment or charge any deficiencies to/from our Deposit Account, No. 06-1448 reference **SPV-045.01**.
